Rick Rizzs Toys for Kids is a 501(c) (3) registered charity, EIN 91-2099219. Our purpose is to provide holiday toys and cash contributions for needy families in the greater Seattle area.

Mariner broadcaster Rick Rizzs and former Mariner center fielder Dave Henderson started Toys for Kids during the off-season 16 years ago to give support to homeless and abused children and their families during the holiday season. Rick and Dave simply passed the hat among local ballplayers to raise funds. What started as a bunch of guys tossing money in the hat has grown into a significant annual event, raising money and providing toys for over 6000 kids annually.
