

Landscaping and restoration begins at Lowman Beach Park

King County’s contractor recently completed major roadway and sidewalk restoration on streets surrounding the project site. Before the end of the year, the contractor will paint new roadway lines and install roadway signs.

Landscaping on site continues as crews prepare to begin restoration in Lowman Beach Park. Before planting grass in the park, the contractor will prepare the soil by grading, turning over the subsoil, and adding new topsoil. A fence will remain in place around the park until the new grass is well established.

Crews prepare soil for planting on Beach Dr. S.W.

Schedule update

No work is scheduled for Dec. 24 – 26 or Dec. 31 – Jan. 2. While work will continue into 2017, you can expect to see smaller crews and fewer pieces of equipment on site.

	2016	2017
	Q4	Q1
✓ Roadway and sidewalk restoration		
✓ Sewer line upgrade in access road		
Site landscaping – Underway		
Project art – Scheduled for early 2017		
Lowman Beach Park landscaping – Underway		

We appreciate your continued patience as we work to safely complete the project as quickly as possible. We will continue to provide you with updates on project progress in 2017.

What to expect in 2017:

- Work to occur on weekdays from 7 a.m. to 6 p.m. and occasional Saturday work from 9 a.m. to 6 p.m.
- Smaller crews and fewer pieces of equipment on site and in Lowman Beach Park
- Streets near the site open and accessible
- Periodic sidewalk closures while landscaping work is underway
- No public access to the staircase on site until all work is complete
- Fence to remain in place around Lowman Beach Park until grass is well established
