Come help us raise money for the EJ Guild, a Children's Hospital & Regional Medical Center guild supporting the Child Life program. Child Life offers care and education to the patients and their families that visit the hospital.

The EJ Guild is named after a little girl named Emily Joseph Behrens, who was born with leukemia. Emily spent her first eight months of her life at Children's battling cancer and receiving a bone marrow transplant at the age of six months. Her cancer returned December of 2004 and since then she has received more treatment and is in a second remission. Today, Emily is a wonderful and happy four-year old that enjoys every moment possible. She has battled cancer every day of her life and will continue to do so as long as she and the staff at Children's can. Emily and her family are the true inspiration that drives this guild.
