

PETITION TO NAME PARK IN MEMORY OF TIM ST. CLAIR

We the citizens of the peninsula of West Seattle hereby petition the City of Seattle and its Parks Department to take the following action. We request that the new park facility located at California Ave SW and SW Eddy St be named after Tim St. Clair.

Tim St. Clair for over two decades was a veteran reporter for the West Seattle Herald. Tim St. Clair was an influential force in our West Seattle community bringing light and scope to every major issue that happened in his years of service to our West Seattle community. Tim St. Clair was always the one you saw in the back of the room at any meeting be it a community council meeting, a public meeting on a transportation issue or on a parks issue. It is fitting that this new park stands on former Monorail property, which he thoroughly covered from transit station concept into a green space for the Morgan Junction neighborhood. In his lifetime Tim St. Clair had a passion for the outdoors and took every opportunity to explore the world around him, One of the things he loved was to help improve his environment here in West Seattle. This included being an advocate for our neighborhood parks.

Those of us signed below respectfully request that the City of Seattle’s Parks department join with us in approving the naming of the park at California Ave SW and SE Eddy St in memory of Tim St. Clair.
