

Hello neighbors!

As you may know, each year, Windermere real estate agents, managers, owners and staff from more than 300 offices gather together and devote their workday to making a positive change in the neighborhoods they serve through local service projects and volunteerism. This year, the West Seattle office has chosen to get down to basics. The downturn in the economy and upswing in unemployment has deeply affected our local food banks causing some of them to potentially shut their doors. We'd like to rally the residents of this beautiful neighborhood by helping us to fill the specific needs of our local Food Banks.

It's simple! Check out the list below.

Place any of the items you like in the plastic bag attached and leave it out for us to pick up on Friday.
