## PETITION

We the undersigned request that the City of Seattle initiate a Task Force to address increasing serious slides from the hillsides above Harbor and Alki Avenues. The purpose of this Task force would be to develop a plan to:

- 1. Construct an effective drainage system that allows surface and subsurface water flows to reach Puget Sound
- 2. Protect city property including streets and utilities
- 3. Protect local residents from potential property damage and personal injury.

This request is outlined in the October 7 letter from the Alki Community Council to Mayor Mike McGinn and Council President Richard Conlin.
