Future of Aerospace – High School Career Expo

FOA was created to provide high school students in the underserved communities of greater Seattle an opportunity to get information and assistance for obtaining careers in aviation and aerospace.

This exciting event will give youth the tools necessary to create an educational plan required for entry into various aerospace fields that are listed below. During the event students will meet with representatives from various aerospace industries to gain insight into the opportunities available in aerospace industry.

FOA features a unique partnership with Southwest Youth & Family Services, Boys & Girls Clubs of King County Southwest Branch, Youngstown Cultural Arts Center, and Big Brothers Big Sister of Puget Sound, that will engage underserved high school students and raise awareness of the aerospace industry and the importance of education.

Specifically FOA will:

- Enlighten youth on the opportunities available in the aviation and aerospace industries
- Provide a clear educational roadmap for a careers in aviation and aerospace
- Inspire youth to study by showcasing the success that can be obtained through education
- Impact academic performance with emphasis on science, math, and technology
- Motivate students to obtain higher education to become eligible for the career paths available
- Provide career focus to youth and emphasize the importance of education aiming to prevent dropouts
- Encourage community members to actively work with at-risk youth
- Create new bonds between students, community members, and industry representatives

During FOA students will be able to learn about the following careers:

- Pilot – Commercial and Private
- Flight Attendant
- Flight Instructor
- Aircraft Design
- Aircraft Mechanic
- Aircraft Manufacturing
- Air Force Reserve Pilot
- Air Force Reserve Careers
- Aviation Business Management

FOA Partnerships

FOA is an active partner with:

South Seattle Community College – Aviation Maintenance Technology (AMT)
United States Air Force Reserve
Rainier Flight Service

Contributions also provided by The Boeing Company.
