Letter to Judge

I would like to start first by apologizing to the City of Seattle & the State of Washington for my actions. I stand before you at the mercy of the Court & take full responsibility for my actions and understand there are consequences that come from breaking the law. I wish there was a drug program or some other alternative I was eligible for besides 60 months of confinement but understand unfortunately I don't qualify for none under the nature of ^{my} crime. I've suffered from this addiction for a very long time and know I need serious help. My criminal history speaks for itself six out of the eleven violations are alcohol related. While I'm in DOC custody I will undergo any and all steps that are necessary to become a better father & productive member & citizen of society. ^{to address my addiction}
