REMINDER: Businesses along the corridor are open during this work. Please follow posted detour signs as you visit these businesses.

What to expect the week of August 17

We are currently working in all three zones at the same time, from north to south on Delridge Way SW. As our work zone shifts will see No Parking signs go up towards the southern of the work zone and parking restored in the northern end of the work zone.

In each of the three work zones, travel lanes will generally be reduced to one lane in each direction with restricted turns. Traffic is currently reduced to a single lane on Delridge Way SW at the intersections of SW Brandon St, SW Hudson St, and SW Juneau St during specific hours, read below for more information. Please follow posted traffic signs and flaggers.

If you have concerns about accessibility or other impacts of construction, please send us your address, contact information, and concerns so that we can

better understand and work together throughout construction. You can reach us at DelridgeTransit@Seattle.gov or call 206-775-8739.

Upcoming closures and major work

- **Additional temporary weekend street closure at SW Genesee St and Delridge Way SW**
 - This upcoming weekend, August 14 - 16, please expect no through access to Delridge Way SW from SW Genesee St while crews reconstruct half of the intersection
 - SW Genesee St will be closed between 25th Ave SW and Delridge Way SW. **Drivers will not be able to cut through to Delridge Way SW.**
 - The closure will be from Friday at 9 AM to Monday at 5 AM
 - Work is scheduled to end by 10 PM on each night, though we have obtained a noise variance permit in case we need to work longer hours
 - Local access to SW Genesee St will be maintained from SW Avalon Way
 - Drivers will need to detour at SW Andover St or SW Alaska St to get to and from Delridge Way SW
 - Route 50 will detour from Delridge Way SW to SW Avalon Way. Please visit [King County Metro's website](#) for more information on rider alerts
- **Weekend pipework near the Longfellow Creek Greenspace for several weeks**
 - We will remain in the area to connect underground pipes in the middle of the roadway. Please continue to expect construction activities in this area.
 - **Left turns onto Delridge Way SW between SW Juneau St and SW Graham St will be restricted while we complete this work**, though access to driveways will be maintained
 - Traffic on Delridge Way SW will be reduced to a single lane with rotating traffic from 7 AM to 3 PM
 - **This work will take place over several weekends.** Please reach out to us if you have concerns about accessibility during this work.

Several private contractors will be working intermittently through the night to install utilities ahead of our roadway paving. This work is for private developments and is not related to the Delridge Way SW - RapidRide H Line

project. We will notify the community in advance for any night work related to this project.

Ongoing closures

- **Temporary driveway closures near 21st Ave SW and Delridge Way SW**
 - Expect intermittent delays to driveway access. Driveways will be covered with a steel plate when work is not occurring.
 - We will work our way south towards SW Thistle St in the next few weeks
- **Sidewalk closures and detours between Sylvan Way SW and SW Webster St**
 - We are continuing to demolish and pour concrete at the sidewalks between SW Orchard St and Sylvan Way SW
 - Starting August 17, after the demolition work is completed, we will move south and begin demolishing the sidewalk between Sylvan Way SW and SW Webster St
 - People walking will need to cross at the marked intersections at SW Myrtle St or SW Holden St. Please follow posted detour signs.

Our schedule is subject to change. Please sign up for our text message updates by texting **DELTRIDGE** to **33222** to receive the most up to date information on night work and closures.

If you experience issues with your water service during construction, please contact Seattle Public Utilities' 24/7 service line at (206) 386-1800.

New work by zone

- **Zone A (West Seattle Bridge to SW Findlay St)**
 - **Demolition and paving work on Delridge Way SW (west side)**
 - Next week, we will begin pouring concrete on the **west side** between SW Alaska St and SW Edmunds St
 - Beginning as early as Monday, August 17 we will begin demolishing the **west side** of the roadway between SW Dakota St and SW Genesee St
 - We may begin pouring the new road panels as soon as 8/19

- Properties will be notified in advance of any driveway impacts during demolition and paving work
- **UPDATE: Demolition and paving work on Delridge Way SW (east side)**
 - Beginning as early as Thursday, August 20 we will begin demolishing the roadway on the **east side** of Delridge Way SW between SW Genesee St and SW Alaska St
 - We will begin with demolishing and paving the roadway between SW Oregon St and SW Alaska St
 - After that section is completed, we will then move to the area between SW Genesee St and SW Oregon St
 - Traffic will be switching to the west side of Delridge Way SW as we work in the roadway
 - This work will be loud. You can expect hammering, dust, and vibrations during this work.
 - Driveways on the **east side** of Delridge Way SW in this area will be temporarily impacted while we complete this work
 - Please continue reading below for information on driveway impacts
- Throughout August, we will be paving the roadway throughout Zone A as we complete demolition work. Please follow signed detours and updated traffic patterns.
- **Continued underground utility work between SW Hudson St and Puget Blvd SW**
 - This week, we began installing underground storm pipes. This will last through the end of August.
 - You can expect construction impacts similar to other underground utility work in the area
 - Traffic on Delridge Way SW will be reduced to a single lane with rotating traffic from 9 AM to 3 PM
- **Zone B (SW Findlay St to north of SW Orchard St)**
 - We will move south and start demolishing the sidewalk between Sylvan Place SW and SW Webster St on the west side of the street. Please follow posted detour signs at SW Myrtle St

- Trees with white markings along the corridor will be removed
- **Zone C**
 - Later this month, we will be removing some trees in the right of way

What to expect during demolition and paving

As we begin paving near residential properties, you may experience impacts to your driveway as we demolish and restore the roadway in front of your property. During this work, you can expect:

- Temporary access restrictions in and out of driveways on Delridge Way SW during active demolition. Demolition work is usually limited to a few hours.
- Loud hammering, dust and vibrations
- During active demolition, onsite crews will be able to provide access to emergency vehicles or for people leaving their homes for emergencies
- If you need your car in a timely manner, we recommend parking on side streets. Otherwise, please be prepared for delays and plan to connect with crews onsite to coordinate access.
- Steel plates or a gravel ramp will be placed to provide access to the driveways outside of active work hours
- Up to 3 days of driveway restrictions as concrete cures directly in front of your property. We will deliver notices to any properties with this impact.
- Impacted properties will be notified in advance of this work.

Project map

Below is a map of the project corridor. Please note that we are staging equipment at the following streets off of Delridge Way SW and through traffic will be restricted.

We will begin working at the same time near the West Seattle High-Rise Bridge, SW Findlay St and SW Orchard St intersections and work our way from north to south.

What to expect during construction

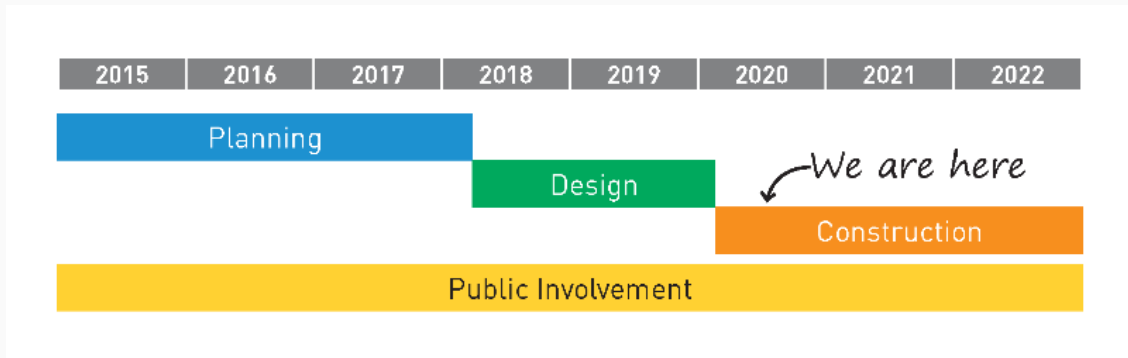

Generally, we anticipate working weekdays between **7 AM and 7 PM**. Impacts will include:

- Noise, dust, and large vehicle traffic
- Temporary construction parking restrictions for weeks at a time
- Periodic traffic detours
- Vehicle lane shifts around work zones
- Temporary utility service impacts
- Flaggers to help direct traffic
- Temporary bus detours and bus stop relocations

As part of this project, we will be upgrading the road condition throughout the corridor. You can expect roadway demolition to look like the photo above.

West Seattle High-Rise Bridge Safety Project

The closure of the West Seattle Bridge has impacted access to the Delridge community and how we all get around. Our Delridge Way SW - RapidRide H Line team is committed to keeping streets open and moving as much as possible and doing everything we can to minimize additional disruptions caused by construction and paving. At the City of Seattle, we are continuing to follow guidance from federal, state, and local leaders and our public health partners regarding COVID-19. To keep our crews and the public safe, we have required all contractors to submit updated jobsite Health and Safety Plans to ensure that they comply with the safety and social distancing requirements in the Governor's Order.
