### Work by zone

Click the links below to learn about work happening in your zone.

- [Zone A \(West Seattle Bridge to SW Findlay St\)](#)
  - [Zone B \(SW Findlay St to north of SW Orchard St\)](#)
  - [Zone C \(SW Orchard St to SW Roxbury St\)](#)
- 

### Upcoming major construction updates

- **Side street closures on the east side of Delridge Way SW during demolition and paving**
  - **Currently closed** (timing is weather dependent and may change):
    - SW Hudson St (reopening soon)
    - SW Willow St (reopening in mid-December)
    - Puget Blvd SW near the Delridge P-Patch Community Gardens (reopening next week)
  - **Closing soon** (timing is weather dependent and subject to change)
    - SW Brandon St (closed when SW Hudson reopens)
    - SW Thistle St (beginning December 7)
- **Weekend work between SW Graham St and SW Myrtle St**
  - On Saturday, December 5 we will be working in Zone B to pour the last roadway panel between SW Graham St and 22nd Ave SW. Driveways will be reopened after the concrete cures.
  - We are also planning to pave the roadway near SW Holly St
  - We will also be working this weekend to install and test pipes between SW Graham St and SW Myrtle St
  - Work hours are between 7 AM - 7 PM
- **Temporary street closure at SW Thistle St between Delridge Way SW and 20th Ave SW beginning as early as December 7**
  - This street closure is required to complete temporary signal work and to demolish and rebuild the sidewalk as part of the duct bank work
  - This work is expected to last for several weeks

- SW Thistle St will be local access only with no through access to Delridge Way SW
- Select driveways will experience intermittent access restrictions during demolition and will also be fully closed during restoration work

### **Side street closures during demolition and paving**

As we move along the corridor, there will be instances when we will need to demolish and rebuild the roadway in front of side streets. During this time, you can expect no access to or from Delridge Way SW. We will notify residents if there are any anticipated restrictions to specific properties.

### **Work by zone**

*For all work described below, residents and businesses will be notified in advance of any anticipated impacts.*

- **Zone A (West Seattle Bridge to SW Findlay St)**
  - **Sidewalk, ramp and curb demolition, and paving on the east side of Delridge Way SW between SW Andover St and SW Oregon St to continue through mid-December**
    - As a reminder, sidewalks will be completely closed when concrete is being poured and while it cures
    - Bus pads and foundations will also be formed as a part of this work
    - The stairs at **SW Genesee St** and **Delridge Way SW** will be closed during working hours and for one additional full day while concrete cures
      - Detour signs will be posted when the staircase is closed
      - We recommend that pedestrians wishing to access Delridge Way SW travel to SW Andover St instead
    - For people wanting to travel on Delridge Way SW on an ADA accessible path from the Youngstown Cultural Arts Center, please follow the delineated detour in our work zone in the northbound travel lanes. When work is happening in the area, spotters will be available to assist individuals to the pedestrian crossing at SW Genesee St or the pedestrian bridge at SW Oregon St.
  - **Electrical upgrades at the bus stop on the west side of SW Andover St**
    - Demolition and upgrades to begin as early as December 7 and last for approximately one week. The bus stop area will be repaved the following week.
  - **RESCHEDULED: Vehicle-detection loop installation and concrete work at the intersection of SW Oregon St and Delridge Way SW in mid-December**
    - This loop will help detect vehicles making turns at this intersection
    - This work is expected to last for approximately one week
    - The intersection will remain open throughout this work. People driving will experience a new traffic pattern in this area during this work.

- Continued demolition and paving on Delridge Way SW (**east side**)
  - Small section of repaving between SW Edmunds St and SW Hudson St to begin as early as December 8
    - This work will last several days while we repair a cracked roadway panel
  - Driveways between SW Hudson St and Puget Blvd SW to be reopened soon
    - Driveways will be closed until paving is completed early next week
  - Paving between Puget Blvd SW and SW Brandon St continues this week
    - Driveways will be closed until paving is complete early next week
  - Demolition between SW Brandon St and SW Findlay St to begin this week
    - Demolition has started and is expected to last for one week with paving scheduled to begin as early as December 10
    - Temporary No Parking signs will be placed along the west side of this block to allow us to shift traffic around the work zone
    - Parking for businesses will be restored once roadway work is completed. Thank you for your patience during construction.
- **Zone B (SW Findlay St to north of SW Orchard St)**
  - Pipework to continue throughout Zone B
    - We will begin working at SW Juneau St again early next week. This work will continue for several weeks.
    - Please expect noise, dust, and vibrations during this work. If you experience issues with your water service, please contact Seattle Public Utilities' 24/7 service line at (206) 386-1800.
    - **WEEKEND WORK will take place on Saturday, December 5 to complete storm work between SW Graham St and SW Myrtle St. Pipe tests will begin Friday.**
      - This work will be completed early next week
      - Impacts will be similar to other pipework activities in the area (noise, vibrations, etc.)
  - Roadway demolition and paving work continues on the **west side** of Delridge Way SW in this section
    - Paving between SW Graham St and 22nd Ave SW continues into next week
      - Driveways are scheduled to reopen the week of December 7
    - Paving and driveway closures between 22nd Ave SW and SW Holly St starting soon
      - Paving is scheduled to begin as early as December 7 and continue through the end of the following week
    - Demolition between SW Holly St and SW Willow St to continue this week
      - SW Willow St is closed as part of this work. People driving are encouraged to detour to 23rd Ave SW or SW Myrtle St.
      - Paving is scheduled to begin in mid-December

- Demolition between SW Willow St and SW Croft Pl to begin as early as December 8
    - Once demolition is complete, paving is scheduled to begin as early as December 23
- **Zone C (SW Orchard St to SW Roxbury St)**
  - Electrical work continues in the sidewalk between SW Orchard St and 21st Ave SW
    - We are currently demolishing sidewalks in this area to install and upgrade electrical utilities on the east side of Delridge Way SW
    - Paving is scheduled to begin in early December. Sidewalks are scheduled to reopen in mid-December after paving is completed.
    - People walking are encouraged to cross Delridge Way SW at SW Holden St or SW Orchard St. Please follow posted signage.
  - Duct bank work and restoration to continue in this area for several weeks
    - Duct bank work on Delridge Way SW is nearly complete. We are now working to restore the sidewalks and roadway along Delridge Way SW.
    - This work will require driveways to be temporarily closed during paving. Properties will be notified in advance.
  - Upcoming closure of SW Thistle St on the east side of Delridge Way SW as early as December 7
    - Please be aware that work in this area will look unfinished for several weeks due to the sequencing of the duct bank and sidewalk work

**REMINDER:** Businesses along the corridor are open during this work. Please follow posted detour signs as you visit these businesses.

If you have concerns about accessibility or other impacts of construction, please send us your address, contact information, and concerns so that we can better understand and work together throughout construction. You can reach us at [DelridgeTransit@Seattle.gov](mailto:DelridgeTransit@Seattle.gov) or call 206-775-8739.

### What to expect during paving and construction

- Work hours are typically between 7 AM and 7 PM but can last until 10 PM without a noise variance
- You may experience temporary access restrictions in and out of driveways on Delridge Way SW during active demolition
- Loud hammering, dust, and vibrations

- During active demolition, onsite crews will be able to provide access to emergency vehicles of for people leaving their homes for emergencies
- If you need your car in a timely manner, we recommend parking on side streets. Otherwise, please be prepared for delays and plan to connect with crews onsite to coordinate access.
- Steel plates or a gravel ramp will be placed to provide access to the driveways outside of active work hours
- Up to one week of driveway restrictions as concrete cures directly in front of your property. We will deliver notices to any properties with this impact.
- Vehicle lane shifts around work zones
- Temporary bus detours and bus stop relocations. Please contact Metro for more information.

*As part of this project, we will be upgrading the roadway throughout the corridor. The roadway above has been partially demolished and is getting prepared for paving. Before paving, you can expect steel plates to be placed to provide access to your property when work is not occurring. Tarps will be placed if wet weather is in the forecast.*

## West Seattle High-Rise Bridge Safety Project

The closure of the West Seattle Bridge has impacted access to the Delridge community and how we all get around. Our Delridge Way SW - RapidRide H Line team is committed to keeping streets open and moving as much as possible and doing everything we can to minimize additional disruptions caused by construction and paving. Learn more about the [West Seattle High-Rise Bridge Safety program](#) and sign up for email alerts to get the latest about the bridge.

If you have questions about the West Seattle High-Rise Bridge program, please contact their team by:

Phone: 206-400-7511

Email: [westseattlebridge@seattle.gov](mailto:westseattlebridge@seattle.gov)

*At the City of Seattle, we are continuing to follow guidance from federal, state, and local leaders and our public health partners regarding COVID-19. To keep our crews and the public safe, we have required all contractors to submit updated jobsite Health and Safety Plans to ensure that they comply with the safety and social distancing requirements in the Governor's Order.*
